

Xcaret is a giant ecological theme park located in Riviera Maya facing the beautiful beaches of the Caribbean Sea. In this tropical paradise everyone will find activities to their liking: cenotes and underground rivers, Mayan ruins, a dolphinarium and tropical gardens. There you will see colorful butterflies, jaguars, monkeys, exotic birds and other representatives of tropical flora and fauna.

At night you can enjoy an amazing show of folk dance and music that tells us the history of Mexico. During the show you will see the famous ball game and learn about its significance for the ancient native cultures.
